

**Inter City Fire Protection District**

**1702 Blue Ridge Blvd. Blue  
Summit, MO 64126**

Dear Sir/Madam.

03-15-2024

The Inter City Fire Protection District which is in the unincorporated area of Kansas City Missouri (Jackson County) Purchased the Drench product several years ago. Unfortunately, the product was never used for some reason. Recently we placed the product on our apparatus and used it on a call involving 7 burning cars. The product was amazing. I personally was on this call and observed how a single squad truck with a 250-gallon tank was able to knock down the fires until a pumper could mop up the scene. I was so impressed with its knock down that it has been put on every apparatus that we run. Inter City Fire District is one of the busiest one square mile districts in the state. We respond to over 3500 calls a year and operate with combo fire personnel. Drench is the real deal, and I would highly recommend it to any department fighting fires. My only regret is that we did not get this on our apparatus before now.

Thank you for your attention.

Jeffery S. Jewell  
Fire & EMS Chief  
Inter City Fire Protection District
